

Wednesday 12 July 2017

Dear parents

ILHA FUTEBOL ACADEMY is once again linking up with St Martin's School in 2017/18, to offer its pupils a chance to participate in street football and futsal.

The after school club is to offer children in school years 4-6 an equal opportunity to learn whilst honing new skills through structured play. Futsal will run on a Wednesday from 3-4pm in the school sports hall.

There will be 12 spaces available per session. Parents are kindly asked to confirm their child's availability every week to assist with registrations. A small fee of £5 per child/per session is to be paid on the day.

So, what is futsal?

The game of futsal is traditionally played indoors, similar to the English game of five a side. Futsal is a skill-based game, proven to enhance physical literacy, mental development and creativity.

For full details on how your child can participate in IFA's activities please contact Chris Archer on the details below or visit us online!
