Children & Masters

*Exhibition of children artworks
alongside masterpieces.*

**To be held at Market Square to celebrate the first
year anniversary of “Art in School”, our innovative
art lending program.**

Art for Guernsey graciously provides artworks of museum quality to all Guernsey schools willing to participate. Our remit is to create more project-based learning opportunities and to use the artworks as starting points for multi-curriculum journeys.

This initiative is the result of a successful collaboration between Art for Guernsey and the States of Guernsey Education Services and is fully aligned with the new Joyous and Purposeful Curriculum.
